Guided math routines are posted.
Students are aware of expectations.
Guided math/small group instruction happens periodically/weekly/or daily.
Groups utilize a variety of learning tools; games, collaborative learning, independent practice, mathematical dialog/peer teaching/ technology, manipulatives, etc
Guided math groups include a teacher table that is used to dig deeper, provide differentiation (interventions and enrichment), provide descriptive non-graded feedback, reteach, assess, and conference.
Students communicate mathematically.
Students are on task.
Students are periodically asked to reflect on their work and learning in groups, as well as their support of other group members.
There is a back up plan for students who are unsuccessful in groups because of behaviour.
EAs in the room know how to support the small group learning
