

Fact Family Fun to One Hundred One.

Roll the double sided dice. Put the larger number in the top yellow circle. Put the smaller number in one of the green circles. Determine the correct number for the second green circle so that the two green circles add (sum) to the top yellow total. Fill in 4 facts based on your numbers. Check with your partner to make sure they're correct! Choose any one of your three numbers to add to your score. The goal is to reach exactly **101**.
